4. Types of Data We Collect. “**Personal Data**” means data that allows someone to identify or contact you, including, for example, your name, address, telephone number, e-mail address, as well as any other non-public information about you that is associated with or linked to any of the foregoing data. “**Anonymous Data**” means data that is not associated with or linked to your Personal Data; Anonymous Data does not, by itself, permit the identification of individual persons. We collect Personal Data and Anonymous Data, as described below.

(a) Information You Provide to Us.

- We may collect Personal Data from you, such as your first and last name, gender, e-mail and mailing addresses, professional title, company name, and password when you create an account to log in to our network (“**Account**”).
- Our mobile homepage lets you store preferences like your location, safe search settings, and favorite widgets. We may associate these choices with your ID or the mobile device, and you can edit these preferences at any time on our mobile homepage.
- When connecting to our Services via a service provider that uniquely identifies your mobile device, we may receive this identification and use it to offer extended services and/or functionality.
- When you order services on our Site, we will collect all information necessary to complete the transaction, including your name, credit card information, billing information and shipping information. This information may be shared with third parties who help process and fulfill your purchases. When you submit credit card numbers, we encrypt that information using industry standard technology.
- We retain information on your behalf, such as files and messages that you store using your Account.
- If you provide us feedback or contact us via e-mail, we will collect your name and e-mail address, as well as any other content included in the e-mail, in order to send you a reply.
- When you post content (text, images, photographs, messages, comments or any other kind of content that is not your e-mail address) on our Site, the information contained in your posting will be stored in our servers and

other users will be able to see it, along with your profile photo and any other information that you choose to make public on your public profile page (“**Profile**”). The information that you provide in your Profile will be visible to others, including anonymous visitors to the Site.

- When you post messages on the message boards of our Site, the information contained in your posting will be stored on our servers and other users will be able to see it.
- When you participate in one of our surveys, we may collect additional profile information.
- We also collect other types of Personal Data that you provide to us voluntarily, such as your operating system and version, product registration number, and other requested information if you contact us via e-mail regarding support for the Services.
- When you link a third party service to your Account (as described below), we collect your login credentials for such third party service.
- We may also collect Personal Data, such as at other points in our Site that state that Personal Data is being collected.

(b) Information Collected via Third Party Services. The Services may allow users to link their Account with various third party services, including (i) third party services from which we import information and/or data, such as U.S. EPA’s Energy Star Portfolio Manager service, Hertz Rental Cars, AMEX Travel, Waste Management (each a “**Provider**”), and (ii) third party services with which we share reports (a “**Report**”) created via the Services, such as Global Real Estate Sustainability Benchmark, CDP, and The Global Reporting Initiative (as described below (each a “Standards Organization”). By linking with a Provider, you are allowing the Services to access your information and perform certain operations through the Provider on your behalf, and you are agreeing to the Provider’s terms of use in your use of the Services. We may receive information from a Provider and that information may be imported to the Site. Any information that we collect from a Provider may depend on the Provider’s privacy settings, so please consult the Provider’s privacy and data practices. You can edit privacy settings through the Provider, or disable the connection with the Provider by emailing support@measurabl.com.

(c) Information Collected via Technology.

- Information Collected by Our Servers. To make our Site and Services more useful to you, our servers (which may be hosted by a third party service

provider) collect information from you, including your browser type, operating system, Internet Protocol (“IP”) address (a number that is automatically assigned to your computer when you use the Internet, which may vary from session to session), domain name, and/or a date/time stamp for your visit.

- Log Files. As is true of most websites, we gather certain information automatically and store it in log files. This information includes IP addresses, browser type, Internet service provider (“ISP”), referring/exit pages, operating system, date/time stamp, and clickstream data. We use this information to analyze trends, administer the Site, track users’ movements around the Site, gather demographic information about our user base as a whole, and better tailor our Services to our users’ needs. For example, some of the information may be collected so that when you visit the Site or the Services again, it will recognize you and the information could then be used to serve advertisements and other information appropriate to your interests. Except as noted in this Privacy Policy, we do not link this automatically-collected data to Personal Data.
- Cookies. Like many online services, we use cookies to collect information. “**Cookies**” are small pieces of information that a website sends to your computer’s hard drive while you are viewing the website. We may use both session Cookies (which expire once you close your web browser) and persistent Cookies (which stay on your computer until you delete them) to provide you with a more personal and interactive experience on our Site. This type of information is collected to make the Site more useful to you and to tailor the experience with us to meet your special interests and needs.
- Pixel Tags. In addition, we use “**Pixel Tags**”(also referred to as clear Gifs, Web beacons, or Web bugs). Pixel Tags are tiny graphic images with a unique identifier, similar in function to Cookies, that are used to track online movements of Web users. In contrast to Cookies, which are stored on a user’s computer hard drive, Pixel Tags are embedded invisibly in Web pages. Pixel Tags also allow us to send e-mail messages in a format users can read, and they tell us whether e-mails have been opened to ensure that we are sending only messages that are of interest to our users. We may use this information to reduce or eliminate messages sent to a user.

We do not tie the information gathered by Pixel Tags to our users' Personal Data.

- How We Respond to Do Not Track Signals. We do not currently respond to "do not track" signals or other mechanisms that might enable consumers to opt out of tracking on our Site.
- Mobile Services. We may also collect non-personal information from your mobile device if you have downloaded our Application(s). This information is generally used to help us deliver the most relevant information to you. Examples of information that may be collected and used include your geographic location, how you use the Application(s), and information about the type of device you use. In addition, in the event our Application(s) crash on your mobile device, we will receive information about your mobile device model software version and device carrier, which allows us to identify and fix bugs and otherwise improve the performance of our Application(s). This information is sent to us as aggregated information and is not traceable to any individual and cannot be used to identify an individual.
- Google Analytics. We use Google Analytics to help analyze how users use the Site. Google Analytics uses Cookies to collect information such as how often users visit the Site, what pages they visit, and what other sites they used prior to coming to the Site. We use the information we get from Google Analytics only to improve our Site and Services. Google Analytics collects only the IP address assigned to you on the date you visit the Site, rather than your name or other personally identifying information. We do not combine the information generated through the use of Google Analytics with your Personal Data. Although Google Analytics plants a persistent Cookie on your web browser to identify you as a unique user the next time you visit the Site, the Cookie cannot be used by anyone but Google. Google's ability to use and share information collected by Google Analytics about your visits to the Site is restricted by the Google Analytics Terms of Use and the Google Privacy Policy.

(d) Information Collected from You About Others. You can invite users (up to the number permitted in your subscription) to access your Account by sending each invitee a URL. Such invitee will then be invited to create a sub-account under your Account (a "**Sub-Account**")

and we will collect information from such invitee necessary for the creation of the Sub Account, such as his or her first and last name, email address, password, and company name. We rely upon you to obtain whatever consents from the third party that may be required by law to allow us to access and upload the third party's names and e-mail addresses as required above. You or the third party may contact us at support@measurabl.com to request the removal of this information from our database.

(e) Information Collected from Third Party Companies. We may receive Personal and/or Anonymous Data about you from companies that provide our Services by way of a co-branded or private-labeled website or companies that offer their products and/or services on our Site. These third party companies may supply us with Personal Data. We may add this information to the information we have already collected from you via our Site in order to improve the Services we provide.

If you make any comments on a blog or forum associated with our Site, you should be aware that any Personal Data you submit there can be read, collected, or used by other users of these forums, and could be used to send you unsolicited messages. We are not responsible for the personally identifiable information you choose to submit in these blogs and forums.

(c) Creation of Anonymous Data. We may create Anonymous Data records from Personal Data by excluding information (such as your name) that makes the data personally identifiable to you. We use this Anonymous Data to analyze request and usage patterns so that we may enhance the content of our Services and improve Site navigation. We reserve the right to use Anonymous Data for any purpose and disclose Anonymous Data to third parties in our sole discretion.

6. Disclosure of Your Personal Data. We disclose your Personal Data as described below and as described elsewhere in this Privacy Policy.

(a) Third Parties Designated by You. When you use the Services, the Personal Data you provide will be shared with the third parties that you designate to receive such information, including other websites, your friends, relatives and business associates. (d) Corporate Restructuring. We may share some or all of your Personal Data in connection with or during negotiation of any merger, financing, acquisition or dissolution, transaction or proceeding involving sale, transfer, divestiture, or disclosure of all or a portion of our business or assets. In the event of an insolvency, bankruptcy, or receivership, Personal Data may also be transferred as a business asset. If another company acquires our company, business, or assets, that company will possess the Personal Data collected by us and will assume the rights and obligations regarding your Personal Data as described in this Privacy Policy.

(e) Information Shared with Third Party Services. By linking with a Standards Organization, you are allowing the Services to access your information and perform certain operations through the Standards Organization on your behalf, and you are agreeing to the Standards Organization’s terms of use in your use of the Services. By submitting a Report to a Standards Organization via the Services, you authorize Measurabl to submit the Report to the Standards Organization on your behalf. The privacy policies of these Standards Organizations may apply to the use and disclosure of your Personal Data that we collect and disclose to such Standards Organizations.
